TO WHO IT MAY CONCERN

Process Sales has served us for over 20 years representing many different Principals. We have always found their level of service to be excellent both from their Sales Managers as well as their merchandising staff.

They have always exhibited a level of professionalism both in how they have represented their Principals and also how they have interacted with us as customers.

We would have no hesitation in recommending them to any other Principal looking for an Agent in KwaZulu Natal.

Yours sincerely,

Vinesh Ramdaw
Buying Manager
